

# OUR COMMITTEES

Fred Hutchinson Cancer Research Center's Planned Giving department is very fortunate to have two committees that provide us with advice and assistance in the management and implementation of our planned giving program and helping us to reach out to individuals and communities that we would never have an opportunity to reach on our own. Our committee members include experts in law, accounting, finance, estate planning, investing, taxation, real estate and insurance.

At Fred Hutchinson Cancer Research Center, we are fighting for a world free from cancer and other life threatening diseases. The support of our committee members has been integral to our progress – progress that is already saving thousands of people from the suffering and death caused by cancer and disease. We are very grateful to all these committees for their time and their expertise.
